Org. Setting and Reporting

The United Nations Human Settlements Programme (UN-Habitat) is the United Nations programme working towards a better urban future. Its mission is to promote socially and environmentally sustainable human settlements development and the achievement of adequate shelter for all. This post is located in the Egypt country programme, Cairo duty station. Under the overall guidance and direct supervision of the Urban Governance, Policies and Legislation Programme Manager.

BACKGROUND

UN Habitat in Egypt

Established in 2005, UN-Habitat Egypt Programme has been providing technical support to national counterparts on a wide range of urban issues. Adopting an integrated approach, UN-Habitat Egypt has supported reforming and improving urban planning and management through three main sub-programmes, namely, urban planning and design; urban policies, legislation and governance; and urban basic services and mobility.

Urban Governance, Policies and Legislation Programme

The Urban Governance, Policies and Legislation Programme in Egypt works towards tackling the multi-dimensional urbanization context with a special attention to urban management, urban planning, urban economy where all stakeholders are empowered and enabled to engage and play their expected role(s).

Hayenna – Integrated Urban Development Project

In 2018, the Ministry of Housing, Utilities, Urban Communities (MoHUUC), Ministry of Foreign Affairs (MoFA), the General Organization for Physical Planning (GOPP), the UN-Habitat and the Swiss State Secretariat for Economic Cooperation (SECO) signed three different agreements (the project agreement, the separate agreement, and the contract) governing the Hayenna-Integrated Urban Development Project. The project aims at developing a more transparent land management, as well as implementing better-planned and financially sustainable basic infrastructure services that offer an attractive and inclusive alternative to informal settlements and promoting local economic facilities in two pilot Governorates. Qena was selected as the first pilot Governorate. The second pilot governorate will follow benefiting from the lessons learned from the first pilot. The project thereby intervenes in three dimensions: urban planning and design, public finance management and land-based financing, and support to urban legislation and regulation. Project’ interventions take place in two sites in Qena City, al-Humydat and al-Ma’ana.

Under the supervision of the Urban Governance, Policies and Legislation Programme Manager the field coordinator shall play the role of facilitating and coordinating the project activities in addition to supporting the engagement of community members in the relevant project activities on the governorate and local levels. By focusing on relevant participation techniques, approaches and tools, the field coordinator shall liaise between the local community, public officials and UN-Habitat team and other stakeholders.
