Procurement Notice and Request for Proposal
Providing National Consultancy for “Terminal Evaluation of Carbon Sequestration in Desertified Areas Project”

Date: 5 January 2022

Dear Madam/Sir,

We kindly request you to submit your proposal for provision national consultancy for “Terminal Evaluation of Carbon Sequestration in Desertified Areas Project”

Please be guided by the information provided below, in preparing your Proposal. Your Proposal must be expressed in English, and valid for a minimum period of 90 days.

Sincerely,

Nazli Alavi
Head of Procurement/Admin Unit

Country: Islamic Republic of Iran

Description of the assignment: The objectives of the evaluation are to assess the achievement of project results and to draw lessons that can both improve the sustainability of benefits from this project, and aid in the overall enhancement of UNDP programming

Period of assignment/services: The consultant is expected to complete the assignment starting from late- January 2022 for one and half months.

Proposal should be submitted to the below email address no later than Wednesday, 19 January 2022 – 16:30 P.M Tehran local time.

bid.ir@undp.org

Please note that the subject of your submission email should be ONLY:

IRNUNDP21129

Using any other subject for your email will result in disqualification of your proposal by UNDP automated emailing system.

Any request for clarification must be sent in writing, or by standard electronic communication to the UNDP mailing address or to mahsa.gahremanzadeh@undp.org. The procuring UNDP entity will respond in writing or by standard electronic mail.
1. BACKGROUND

The Carbon Sequestration Project (CSP-phase III) is a multi-purpose initiative devised to mainly replicate two-decade-lasting project’s model and lessons learned associated with sustainable land management and natural resources restoration nationwide. The project working area, land degradation and desertification, is a main global challenge and also a development priority for the Iranian government. The major role of socio-economic causes on the phenomena adds to the complexity of its nature when reminds necessity of considering all aspects of the issue in order to approach a consistent solution. To meet the purpose, the project has simultaneously addressed ecological and socio-economic problems at the field level which complies with the integrity of globally agreed goals on sustainable development and the Strategies of the Convention to Combat Desertification. The project was implemented in 4 sites aims to demonstrate the effectiveness of the model in new arid sites as well as a site in humid Hyrcanian zone when contributing to the development of more effective environmental and NRM policies, restoring degraded natural resources, improving the socio-economic status of local communities and enhance ecosystem resilience and services.

The first phase of this project was initiated in the South Khorasan Province with support from the Global Environment Facility (GEF) in 2003. In this phase, the project demonstrated that organic carbon stored in the soil and vegetation amounts to 1400 kg/ha after 5 years to underline the great capacity of arid lands for carbon sink. It also had great success in the identification of local capacities, improving social and human resources, in particular, in women’s and youth economic empowerment, and economical community-based restoration of degraded lands. During the 2nd phase, the project was replicated in 18 sites which let it evolve in various environments and different conditions sticking to the principles in applying a bottom-up and integrated approach. Given its success and willingness of Forest, Rangeland and Watershed Organization (FRWO) and a considerable number of provincial authorities, In June 2017 a new addendum to the original project document and Government Cost-sharing Agreement (Phase III) was signed between FRWO and UNDP aiming to achieve participatory natural resources management and sustainable rural development in 5 new pilot sites in 4 provinces, in completion of the previous phases.

2. SCOPE OF WORK, RESPONSIBILITIES AND DESCRIPTION OF THE PROPOSED ANALYTICAL WORK

The consultant is expected to deliver the following outputs:

- Inception report on proposed evaluation methodology, work plan, and proposed structure of the report;
- A draft preliminary evaluation report and presentation with, to be presented at a debriefing meeting with the CSP and UNDP as well as other major partners/stakeholders as deemed necessary;
- A final report with 2-3 pages of an executive summary, including issues raised during the presentation of the draft. The final report must include evaluation recommendations and key actions as well.

For detailed information please see the Terms of Reference attached hereto as Annex I.
3. REQUIREMENTS FOR EXPERIENCE AND QUALIFICATIONS

<table>
<thead>
<tr>
<th>Professional Experience</th>
</tr>
</thead>
<tbody>
<tr>
<td>a) Mandatory:</td>
</tr>
<tr>
<td>• Master’s degree in natural resource and land management, institutional/governance aspects of natural resource management, social science, agriculture, water and environment.</td>
</tr>
<tr>
<td>• Minimum 7 years of relevant professional experience, with substantial involvement in result-based management and evaluation methodologies.</td>
</tr>
<tr>
<td>• Technical knowledge in socio-economic initiatives, community participation, social network analysis, social mobilization and the five capital model both in humid and drylands, rural livelihood development.</td>
</tr>
<tr>
<td>• Knowledge of national laws and understanding of political, economic, institutional issues associated with protected areas management and good environmental governance within the Iranian context.</td>
</tr>
<tr>
<td>• Fluency in Farsi and English, both written and spoken.</td>
</tr>
<tr>
<td>• Competent in the usage of MS Office programmes (MS Word, Excel, PowerPoint).</td>
</tr>
<tr>
<td>b) Desired:</td>
</tr>
<tr>
<td>• Preferably 2 years of experience in international development cooperation/ (Project evaluation/review experiences within the United Nations system will be considered an asset).</td>
</tr>
<tr>
<td>• Experience in project design, project cycle management, and project monitoring and evaluation.</td>
</tr>
</tbody>
</table>

4. DOCUMENTS TO BE INCLUDED WHEN SUBMITTING THE PROPOSALS.

The individual offerors must submit the following documents/information to demonstrate their qualifications:

1. Proposal:
   (i) Explaining why the applicant is the most suitable for the work.
   (ii) Provide a brief methodology on how the applicant will approach and conduct the work.

The proposal should be prepared in accordance with the templates provided in Annex III, Individual’s Information Sheets.

2. Financial proposal
   The financial proposal should be submitted in accordance with the Financial Proposal Template attached hereto as Annex IV.

3. Personal CV including past experience in similar projects and at least two references.

5. FINANCIAL PROPOSAL

- **Lump sum contracts**
  The financial proposal shall specify a total lump sum amount, and payment terms around specific and measurable (qualitative and quantitative) deliverables (i.e. whether payments fall in installments or upon completion of the entire contract). Payments are based upon output, i.e. upon delivery of the services specified in the TOR. In order to assist the requesting unit in the comparison of financial proposals, the financial proposal will include a breakdown of this lump sum amount (including travel, per diem, and number of anticipated working days).
• Travel;
All envisaged travel costs must be included in the financial proposal. This includes all travel to join duty station/repatriation travel. In general, UNDP should not accept travel costs exceeding those of an economy class ticket. Should the IC wish to travel on a higher class he/she should do so using their own resources.
In the case of unforeseeable travel, payment of travel costs including tickets, lodging and terminal expenses should be agreed upon, between the respective business unit and Individual Consultant, prior to travel and will be reimbursed.

6. EVALUATION

Individual consultants will be evaluated based on the following methodology:

**Cumulative analysis**

The award of the contract should be made to the individual consultant whose offer has been evaluated and determined as:

a) Responsive/compliant/acceptable, and

b) Having received the highest score out of a pre-determined set of weighted technical and financial criteria specific to the solicitation (Please see below).

- Technical Criteria weight: 70%
- Financial Criteria weight: 30%

Only if the candidate obtains a minimum of 70% of technical score (490 out of 700 point) in technical evaluation would be considered for the Financial Evaluation.

<table>
<thead>
<tr>
<th>Technical Evaluation Criteria</th>
<th>Max. Point</th>
</tr>
</thead>
<tbody>
<tr>
<td>- Qualifications and experience</td>
<td>350</td>
</tr>
<tr>
<td>- Evidence of experience of the consultant in conducting evaluations as detailed in the CV</td>
<td></td>
</tr>
<tr>
<td>Proposal and Methodology</td>
<td>150</td>
</tr>
<tr>
<td>- Methodology and approach for carrying out the activities and obtaining the expected outputs</td>
<td></td>
</tr>
<tr>
<td>- Understanding of the expected challenges and problems in implementation of this work and explain your approach to address and resolve them</td>
<td></td>
</tr>
<tr>
<td>Interview</td>
<td>200</td>
</tr>
<tr>

Annex I
Terms of Reference (TOR)

1. Background:
The Carbon Sequestration Project (CSP-phase III) is a multi-purpose initiative devised to mainly replicate two-decade-lasting project’s model and lessons learned associated with sustainable land management and natural resources restoration nationwide. The project working area, land degradation and desertification, is a main global challenge and also a development priority for the Iranian government. The major role of socio-economic causes on the phenomena adds to the complexity of its nature when reminds necessity of considering all aspects of the issue in order to approach a consistent solution. To meet the purpose, the project has simultaneously addressed ecological and socio-economic problems at the field level which complies with the integrity of globally agreed goals on sustainable development and the Strategies of the Convention to Combat Desertification. The project was implemented in 4 sites aims to demonstrate the effectiveness of the model in new arid sites as well as a site in humid Hyrcanian zone when contributing to the development of more effective environmental and NRM policies, restoring degraded natural resources, improving the socio-economic status of local communities and enhance ecosystem resilience and services.

The first phase of this project was initiated in the South Khorasan Province with support from the Global Environment Facility (GEF) in 2003. In this phase, the project demonstrated that organic carbon stored in the soil and vegetation amounts to 1400 kg/ha after 5 years to underline the great capacity of arid lands for carbon sink. It also had great success in the identification of local capacities, improving social and human resources, in particular, in women’s and youth economic empowerment, and economical community-based restoration of degraded lands. During the 2nd phase, the project was replicated in 18 sites which let it evolve in various environments and different conditions sticking to the principles in applying a bottom-up and integrated approach. Given its success and willingness of Forest, Rangeland and Watershed Organization (FRWO) and a considerable number of provincial authorities, In June 2017 a new addendum to the original project document and Government Cost-sharing Agreement (Phase III) was signed between FRWO and UNDP aiming to achieve participatory natural resources management and sustainable rural development in 5 new pilot sites in 4 provinces, in completion of the previous phases.

Outcomes and Outputs:
The project’s results are summarized in three major outcomes and several key activities (Pro Doc):

- **Outcome 1**: Participatory natural resources management is further strengthened in target areas to rehabilitate degraded lands and to mitigate drivers of sand and dust storms, with the impacts of rehabilitation activities on carbon sequestration monitored and documented
- **Outcome 2**: Local communities further empowered and their livelihoods improved
- **Outcome 3**: An effective and efficient project management system is maintained and project implementation monitored and documented

In accordance with UNDP M&E policies and procedures, the project is subject to evaluation before the closure of this stage. This terms of reference (TOR) sets out the expectations for a Terminal Evaluation (TE) of the **Participatory Management of Natural Resources and Sustainable Rural Development in line with Carbon Sequestration in Desertified Areas Project**. The TE will be conducted according
to the guidance, rules, and procedures established by UNDP as reflected in the UNDP Evaluation Guidance. The objectives of the evaluation are to assess the achievement of project results and to draw lessons that can both improve the sustainability of benefits from this project, and aid in the overall enhancement of UNDP programming.

UNDP will recruit an International Evaluator in 2022 to work closely with the National Evaluator and Project Management Team. The evaluation team will be composed of (1 International Evaluator as team leader and 1 national evaluator).

2. Objectives of Final Evaluation

- Assess the relevance and appropriateness of the Project in terms of achieving the outputs as per the Project Document;
- Evaluate the effectiveness and efficiency of the Project in terms of the implementation of activities that achieve outputs and outcomes, following up on lessons learned;
- Establish the impact and sustainability of the Project and the extent to which the approach and implementation of the Project contributed to the improved Participatory Management of Natural Resources and Sustainable Rural Development as well as Carbon sequestration;
- Review the Project Design and Management structures, in terms of achieving clear objectives and strategies, the use of monitoring and evaluation, the level of coherence, and the appropriateness of management structures at national, province, and local levels;
- Make clear and focused recommendations that may be required for enhancing the relevance, effectiveness, efficiency, impact, and sustainability of scaling up and replication of project achievements and results in other rangelands, forests, and desertified areas across the country.
- Assess the relevance of the Project to Iran’s UNDAF, UNSDCF and UNDP’s CDP, and suggest a way forward for potential future collaborations with the FRWO using the foundation and results of this project.

3. Scope of Work

In assessing the Project and its alignment to the broader Project Document, the evaluation will take into consideration the following criteria:

Relevance and appropriateness

1. Was the project relevant, appropriate and strategic to its Theory of Change, goals, and challenges with a focus on local community participation in Natural Resources Management?
2. Was the project relevant, appropriate and strategic to the mandate, strategy, functions, roles, and responsibility of the UNDP, and the Forests, Range, and Watershed Organization, as the major stakeholders of the Project and key actors within those institutions?
3. Was the project successful in achieving its goals for rehabilitating degraded lands and mitigating drivers of sand and dust storms for the ultimate goal of sequestrating carbon in pilot sites?
4. Was the project relevant, appropriate and strategic to the UNDP assistance mandate and development goals?
5. Was the project relevant, appropriate and strategic to the international and national strategic/upper-hand documents, e.g. SDGs, UNDAF, UNDP CPD, and UNDP Strategic Plan?
6. Evaluate how the project addressed country priorities. Evaluate country ownership. Was the project concept in line with the national sector development priorities and plans of the country?
7. Evaluate how the private sector and/or local cooperative were engaged in the process?
8. Evaluate the local community participation in the project. Evaluate local community ownership.

**Effectiveness and efficiency**

9. Were the actions to achieve the outputs and outcomes effective and efficient?
10. Were there any lessons learned, failures/lost opportunities? What might have been done better or differently?
11. How did the project deal with issues and risks?
12. Were the outputs achieved in a timely manner?
13. Were the resources utilized in the best way possible?
14. Were the resources (time, funding, human resources) sufficient?

**Impact and sustainability**

15. Will the outputs/outcomes lead to benefits beyond the life of the existing project?
16. Which areas (including lessons learned, innovations, partnerships, etc.) have the potential for developing future initiatives with FROW?
17. How do the achievements of the project can be scaled up to a programmatic collaboration between UNDP and FRWO?
18. Were the actions and results owned by the local partners and stakeholders?
19. What is the level of contribution of the project management arrangements to national ownership of the set objectives, results and outputs?
20. Were the modes of delivery of the outputs appropriate to promote national ownership and sustainability of the result achieved?
21. Did the Project contribute to sustainable management of natural resources and rehabilitating degraded lands and mitigating drivers of sand and dust storms?
22. Did the Project address cross-cutting issues including gender?
23. Did the Project address cross-cutting issues including gender?
24. Evaluate the relevance of the project strategy and assess whether it provided the most effective route towards expected/intended results.
25. Socio-economic risks to sustainability: Are there any social or political risks that may jeopardize the sustainability of project outcomes? Do the various key stakeholders see that it is in their interest that the project benefits continue to flow? Is there sufficient public/stakeholder awareness in support of the long-term objectives of the project?
26. Are lessons learned being documented by the Project Team on a continual basis and shared/transferred to appropriate parties who could learn from the project and potentially replicate and/or scale it in the future?
27. Institutional Framework and Governance risks to sustainability: Do the legal frameworks, policies, governance structures, and processes pose risks that may jeopardize the sustenance of project benefits? While assessing this parameter, also consider if the required systems/mechanisms for accountability, transparency, and technical knowledge transfer are in place.
28. Environmental risks to sustainability: Are there any environmental risks that may jeopardize the sustenance of project outcomes?
29. Financial risks to sustainability: What are the likelihood of financial and economic resources not being available once the donor assistance ends (consider potential resources can be from multiple sources, such as the public and private sectors, income-generating activities, and other funding that will be adequate financial resources for sustaining project’s outcomes)?
Project design
30. To what extent did the design of the project help in achieving its own goals?
31. Was the context, problem, needs, and priorities well analysed while designing the project?
32. Were there clear objectives and strategies?
33. Were there clear baselines indicators and/or benchmarks for performance?
34. Was the process of project design sufficiently participatory? Was there any impact on the process?
35. Was there coherence and complementarity by the project to the country’s efforts on rehabilitating degraded lands, preventing water erosion and soil degradation, managing floods, and mitigating drivers of sand and dust storms by the FRWO and its key players within this institution?
36. Evaluate the problem addressed by the project and the underlying assumptions. Evaluate the effect of any incorrect assumptions or changes to the context to achieving the project results as outlined in the Project Document.
37. Were lessons from other relevant projects properly incorporated into the project design?
38. Evaluate decision-making processes: were perspectives of those who would be affected by project decisions, those who could affect the outcomes, and those who could contribute information or other resources to the process, taken into account during project design processes?
39. Evaluate the extent to which relevant gender issues were raised in the project design.

Project management, Project Implementation, and Adaptive Management
Management Arrangements:
40. Are the project management arrangements appropriate at the team level and project board level?
41. Evaluate the overall effectiveness of project management as outlined in the Project Document. Have changes been made and are they effective? Are responsibilities and reporting lines clear? Is decision-making transparent and undertaken in a timely manner? Recommend areas for improvement.
42. Evaluate the quality of execution of the Executing Agency/Implementing Partner(s) and recommend areas for improvement.
43. Evaluate the quality of support provided by the Partner Agency (UNDP) and recommend areas for improvement.

Work Planning:
44. Evaluate any delays in project start-up and implementation, identify the causes and examine if they have been resolved.
45. Are work-planning processes results-based? If not, suggest ways to re-orientate work planning to focus on results?
46. Examine the use of the project’s results framework/logframe as a management tool and review any changes made to it since the project started.

Finance and co-finance:
47. Consider the financial management of the project, with specific reference to the cost-effectiveness of interventions.
48. Review and evaluate the changes to fund allocations as a result of budget revisions and assess
the appropriateness and relevance of such revisions.

49. Does the project have the appropriate financial controls, including reporting and planning, that allow management to make informed decisions regarding the budget and allow for timely flow of funds?

50. Informed by the co-financing monitoring table to be filled out, provide commentary on co-financing: is co-financing being used strategically to help the objectives of the project? Is the Project Team meeting with all co-financing partners regularly in order to align financing priorities and annual work plans? What are the recommendations for possible required improvements on this modality?

Project-level Monitoring and Evaluation Systems:

51. Evaluate the monitoring tools currently being used: Do they provide the necessary information? Do they involve key partners? Are they aligned or mainstreamed with national systems? Do they use existing information? Are they efficient? Are they cost-effective? Are additional tools required? How could they be made more participatory and inclusive?

52. Examine the financial management of the project monitoring and evaluation budget. Are sufficient resources being allocated to monitoring and evaluation? Are these resources being allocated effectively?

Stakeholder Engagement:

53. Project management: Has the project developed and leveraged the necessary and appropriate partnerships with direct and tangential stakeholders?

54. Participation and country-driven processes: Do local and national government stakeholders support the objectives of the project? Do they continue to have an active role in project decision-making that supports efficient and effective project implementation?

55. Participation and public awareness: To what extent has stakeholder involvement and public awareness contributed to the progress towards the achievement of project objectives?

Reporting:

56. Assess how adaptive management changes have been reported by the project management and shared with the Project Board.

57. Assess how well the Project Team and partners undertake and fulfil UNDP reporting requirements (i.e. how have they addressed poorly-rated PIRs, if applicable?)

58. Assess how lessons derived from the adaptive management process have been documented, shared with key partners, and internalized by partners.

Communications:

59. Was there appropriate visibility and acknowledgment of the project and donors?

60. Review internal project communication with stakeholders: Is communication regular and effective? Are there key stakeholders left out of communication? Are there feedback mechanisms when communication is received? Does this communication with stakeholders contribute to their awareness of project outcomes and activities and investment in the sustainability of project results?

61. Review external project communication: Are proper means of communication established or
being established to express the project progress and intended impact to the public (is there a web presence, for example? Or did the project implement appropriate outreach and public awareness campaigns?)

62. For reporting purposes, write one half-page paragraph that summarizes the project’s progress towards results in terms of contribution to sustainable development benefits, as well as global environmental benefits.

**Gender Equality**

63. To what extent have gender equality, the economic empowerment of women, social inclusion, and youth been addressed in the Project design, implementation, and reporting? What are the key achievements?

64. In what way could gender equality be enhanced in future similar projects?

**COVID-19**

65. To what extent have the project results been affected by Covid-19 and what remedial measures/tools/processes were introduced to address this?

66. In what way the project management/implementation/monitoring approaches could be adapted based on Covid-19 and similar crises, in future similar projects?

**Results Framework/Logframe**

- Undertake a critical analysis of the project’s logframe indicators and targets, assess how “SMART” the midterm and end-of-project targets are (Specific, Measurable, Attainable, Relevant, Time-bound), and suggest specific amendments/revisions to the targets and indicators as necessary.
- Were the project’s objectives and outcomes or components clear, practical, and feasible within its time frame?
- Examine if progress so far has led to, or could in the future catalyse beneficial development effects (i.e. income generation, gender equality and women’s empowerment, improved governance, etc.) that should be included in the project results framework and monitored on an annual basis.
- Ensure broader development and gender aspects of the project are being monitored effectively. Develop and recommend SMART ‘development’ indicators, including sex-disaggregated indicators and indicators that capture development benefits.

**Progress Towards Results**

**Progress Towards Outcomes Analysis:**

- Review and evaluate the logframe indicators against progress made towards the end-of-project targets using the Progress Towards Results Matrix; colour code progress in a “traffic light system” based on the level of progress achieved; assign a rating on progress for each outcome; make recommendations from the areas marked as “Not on target to be achieved” (red). If there are major areas of concern, recommend areas for improvement.
Table. Progress Towards Results Matrix (Achievement of outcomes against End-of-project Targets)

Indicator Assessment Key

Green= Achieved  Yellow= On target to be achieved  Red= Not on target to be achieved

This work will include a reference to an ecosystem approach at the core of the project design. The Final Evaluation should be aligned with the principles established in UNDP’s Evaluation Policy and the UN Evaluation Group’s Norms and Standards for Evaluation.

4. Methodology

Based on UNDP guidelines for evaluations, and in consultations with UNDP Iran, the evaluation will be inclusive and participatory, involving principal stakeholders in the analysis. During the evaluation, the consultant is expected to apply the following approaches for data collection and analysis. Moreover, the national consultant will work in a team with and be supervised by the International consultant. the latter will be the team leader and responsible for finalizing the report. The national consultant will assist the international consultant in all terminal evaluation processes including preparation, summarizing, and translating key documents, undertaking missions/interviews/meetings, and reporting phases.

- Desk review of relevant documents including progress reports and any records during the life of the Project;
- Key informative interviews with the Forest, Rangeland and Water Organization, Ministry of Interior, Ministry of Jihad Agriculture, Department of Environment, Ministry of Foreign Affairs, Universities and other assistance providers/partners, and UNDP Senior Management and Project Staff in the Country Office, local communities and other major stakeholders (see Annex B);
- Briefing and debriefing sessions with the Project Steering Committee as well as Project Management (NPD and NPM and PPMs).
- Interviews with partners and stakeholders, government officials, service providers including CSO partners and donor partners, etc.

¹ Populate with data from the Logframe and scorecards
² Populate with data from the Project Document
³ If available
⁴ Colour code this column only
⁵ Use the 6-point Progress Towards Results Rating Scale: HS, S, MS, MU, U, HU
• Assisting in preparing excerpts/reports/material for review by the international and/or when required translation from Farsi to English and vice versa.

During the implementation of the contract, the national consultant will report to the UNDP Programme Team, who will provide guidance and ensure satisfactory completion of final evaluation deliverables. There will be close coordination with the project team who will assist in connecting the consultant with senior management, development partners, beneficiaries, and key stakeholders. In addition, the project staff will provide key project documentation prior to fieldwork.

5. Expected outputs and deliverables

The consultant is expected to deliver the following outputs:
• Inception report on proposed evaluation methodology, work plan, and proposed structure of the report;
• A draft preliminary evaluation report and presentation with, to be presented at a debriefing meeting with the CSP and UNDP as well as other major partners/stakeholders as deemed necessary;
• A final report with 2-3 pages of an executive summary, including issues raised during the presentation of the draft. The final report must include evaluation recommendations and key actions as well.

The Implementation Arrangements and Reporting Requirements are as follows:

<table>
<thead>
<tr>
<th>Output</th>

<td></td>
</tr>
<tr>
<td>3 Final evaluation report including evaluation recommendations and key</td>
<td>End February 2022</td>
</tr>
<tr>
<td>actions</td>
<td></td>
</tr>
</tbody>
</table>

6. Duration of work:

The detailed schedule of the evaluation and length of the assignment will be discussed with the Consultant prior to the assignment. The assignment is expected to be completed within a period of 1.5 months, to be started late-Jan. 2022.

The expected deliverables are summarized as follows:
• Phase One: Desk review and inception report;
• Phase Two: Data-collection and field mission;
• Phase Three: Evaluation report writing.

The following is the suggested timeframe for the evaluation process in which the date are to be tentatively filled out by the national consultant and submitted in his/her proposal.

**Special Note:**
1. The National Evaluation Consultant is expected to work in team with and will be supervised by an international consultant to assist in the evaluation process and deliver the required tasks.
2. Given the ongoing COVID-19 pandemic and the resultant restrictions, the international consultant won't travel to Iran to undertake the in-person missions / consultations and data gathering/activities; hence, these are to be carried out by the national consultant in consultation with the evaluation team leader.

7. Qualifications of the Successful Individual Contractor

Competencies:
The candidate should possess:

- Ability to think out of the box.
- Ability to present complex issues persuasively and simply.
- Ability to contextualize global trends in accordance with dynamics of the operating working environment.
- Strong communication and interpersonal and analytical skills.
- Excellent writing skills and proven ability to produce quality and analytical reports.

Professional Experience

a) Mandatory:

- Master’s degree in natural resource and land management, institutional/governance aspects of natural resource management, social science, agriculture, water and environment.
- Minimum 7 years of relevant professional experience, with substantial involvement in result-based management and evaluation methodologies.
- Technical knowledge in socio-economic initiatives, community participation, social network analysis, social mobilization and the five capital model both in humid and drylands, rural livelihood development.
- Knowledge of national laws and understanding of political, economic, institutional issues associated with protected areas management and good environmental governance within the Iranian context.
- Fluency in Farsi and English, both written and spoken.
- Competent in the usage of MS Office programmes (MS Word, Excel, PowerPoint).

b) Desired:

- Preferably 2 years of experience in international development cooperation/ (Project evaluation/review experiences within the United Nations system will be considered an asset).
- Experience in project design, project cycle management, and project monitoring and evaluation.

Criteria for Selection of the Best Offer

Evaluation consultant will be evaluated based on the merit of the proposed approach, including the following:

- 20%. Qualifications and experience
- 15%. Technical approach as illustrated in the description of the proposed methodology.
- 15%. Evidence of experience of the consultant in conducting evaluations as detailed in the CV
- 30% Financial proposal
- 20% Interview
Note: the incumbent will be reference-checked. To this end, applicants are required to provide a list of all related consultancies/evaluations conducted during the past three years with associated contact details of references.

8. Evaluation ethics

This evaluation will be conducted in accordance with the principles outlined in the UNEG ‘Ethical Guidelines for Evaluation’ which are available here: http://www.unevaluation.org/document/detail/102. The consultants must safeguard the rights and confidentiality of information providers, interviewees and stakeholders through measures to ensure compliance with legal and other relevant codes governing the collection of data and reporting on data. The consultants must also ensure the security of collected information before and after the evaluation and protocols to ensure anonymity and confidentiality of sources of information where that is expected. The information knowledge and data gathered in the evaluation process must also be solely used for the evaluation and not for other uses without the express authorization of UNDP and partners.

9. Conflict of Interest

Conflict of interest due to past engagement
UNDP commissioning units may not assign consultants to the evaluation of UNDAFs, country programmes, outcomes, sectors and thematic areas in which they have had prior involvement whether in design, implementation, decision-making or financing. Following this principle, UNDP staff members—including advisers based in regional centers and headquarters units, civil servants or employees of NGOs that may be or have been directly or indirectly related to the programme or project—should not take part in the evaluation team. More broadly, UNDP programme units should consider whether conducting multiple assignments could create a conflict of interest. Many consultants and evaluators undertake numerous assignments for UNDP and its partners during the course of their professional careers. This can include a mixture of evaluation and advisory roles with multiple agencies at different levels. Programme units should make a judgment as to whether a consultant with a high reliance on work with UNDP may preclude them from producing an impartial evaluation. The ERC gives a history of evaluations undertaken by an evaluator in recent years.

Conflict of interest due to potential future involvement
Programme units must ensure that the evaluators will not be rendering any service (related or unrelated to the subject of the evaluation) to the programme unit of the project or outcome being evaluated in the immediate future. Evaluators should not subsequently be engaged in the implementation of a programme or project that was the subject of their evaluation. Equally, evaluators should not be engaged as designers of next phases of projects that they have evaluated.
Evaluator’s obligation to reveal any potential conflicts of interest
Evaluators must inform UNDP and stakeholders of any potential or actual conflict of interest. The evaluation report should address any potential or actual conflict of interest and indicate measures put in place to mitigate its negative consequences. If a conflict of interest is uncovered or arises during the evaluation, the organization should determine whether the evaluator should be dismissed and/or the evaluation terminated.

10. Location and interviewees:
Due to Covid-19 restrictions, the consultant will be based in his/her home and will participate remotely in site visits and meetings conducted by the National consultant. The Pilot sites include:

- Galikesh basin in Golestan province (3 days)
- Khatam basin in Yazd province (3 days)
- Sahl Abad basin in South Khorasan province (4 days)
- Gagmen and Jajarm basins in North Khorasan province (4 days)

During the visits below stakeholders will be interviewed:

- General Directorate of FRWO and their Technical Dupties.
- Provincial Project Manager
- District Governors
- Agriculture Organization of Province
- Local Communities and CBOs
- Universities and research centers

11. Supervision and Verification:
The national consultant will perform her/his tasks under the technical supervision of the International consultant. The overall guidance of the evaluation will be performed under the general supervision of UNDP’s Programme Analyst.

12. Payment Terms:
In full consideration for the services performed by the contractor under the terms of this contract, the UNDP shall pay the contractor the total agreed and contracted amount in three instalments after completion of the work and finalization and approval of the evaluation report.

<table>
<thead>
<tr>

</tr>
</thead>
<tbody>
<tr>
<td>Inception report on proposed evaluation methodology, work plan and proposed structure of the report</td>
<td>40%</td>
<td>End-January 2022</td>
</tr>
</tbody>
</table>
The consultant shall not do any work, provide any equipment, materials, and supplies or perform any other services which may result in any cost in excess of the contract’s amount.

The offer shall be submitted in IRR and the contract is also issued in IRR.

Communication costs, costs of typing and preparing the soft and hard copies of documents and any other relevant costs regarding this activity should be outlined in the proposal.

All envisaged travel costs must be included in the Offeror’s financial proposal. This includes all duty travels, travels to join duty station and repatriation. The anticipated mission travel has been included in the TOR; however, in the event of unforeseeable travel, UNDP and the Individual Contractor will agree upon the manner in which travel costs including tickets, lodging, and terminal expenses are to be reimbursed to the traveller.

Upon receiving and verification of deliverables, as well as the invoice, payments will be transferred by UNDP to the account number of the consultant introduced through an official letter.

Payments will be made according to UNDP regulations as explained in the contract documents.

Confirmation of the Forests, Range, and Watershed Management Organization on delivery by the consultant, and acceptance by UNDP of all deliverables is a prerequisite to each payment.

If the contractor is required to travel inside the country, such arrangement shall be fully coordinated in advance with UNDP. The cost of such travels will be covered by UNDP, i.e., the travel cost is excluded from the total consultancy fee. The travel arrangements should be in line with UNDP rules and regulations.

As for living allowances, the cost will be included in and covered by this contract. Therefore, the offeror is required to include the foreseen cost (living allowances) for trips to the mentioned project pilot sites. The offeror is encouraged to check the ceiling of living allowances for different cities in Iran in the following link: [http://icsc.un.org](http://icsc.un.org), and to include the amount in the financial proposal. However, the reimbursement of local travel costs will be made upon receipt of the travel claim form and based on the actual travel dates.

Where needed the project will provide land transportation between project sites in relevant provinces.

### 13. Travel Requirements:

When travel is required under the contract, the individual contractor shall:

<table>
<thead>
<tr>
<th>A draft preliminary evaluation report and presentation, to be presented at a debriefing meeting with the IEC and partners</th>
<th>40%</th>
<th>Mid-February 2022</th>
</tr>
</thead>
<tbody>

<td>Final evaluation report</td>
<td>20%</td>
<td>End-February 2022</td>
</tr>
<tr>
<td>TOTAL:</td>
<td>100%</td>
<td></td>
</tr>
</tbody>
</table>
• Obtain the required Security Clearance from the UNDP office (the details of travel including date of departure and arrival, accommodation and purpose of travel shall be submitted to UNDP office 2 working days before date of travel);
• Undertake the training courses on BSAFE and provide UNDP with the certificate. The link to access the course is https://training.dss.un.org/course/category/6
• Undertake a full medical examination including x-rays and obtain medical clearance from a UN- approved physician. This is only applicable for the Consultant on the age of 65 years or more.
• All ICs who will be hired during the COVID-19 Pandemic period are required to submit a “Statement of Good Health” based on the WHO information on the impact of COVID-19 on individuals with underlining conditions before their travel.
• The Contractors shall consult with the delegated authorities on the bases on Travel requirements before the date of departure and arrival and inform UNDP accordingly.

14. TOR annexes:
A. List of Documents to be reviewed by the evaluators
B. Key stakeholders and partners
C. Evaluation matrix
D. Schedule of tasks, milestones and deliverables
E. Inception report template
F. Required format for the evaluation report
G. Evaluation recommendations
H. Evaluation quality assessment
I. Code of conduct

Annex A. List of Documents to be reviewed by the evaluators
• Project Original Documents, Logframe
• UNDP Environmental and Social Screening results
• Strategic Results Framework (and proposed revision of the SRF)
• All Project Implementation Progress reports and work plans of the various implementation task teams
• Audit reports
• All technical reports and plans produced by the project
• Oversight mission/back-to-office reports
• All monitoring reports prepared by the project
• Financial and Administration guidelines used by Project Team
• Financial and Administration documents

Annex B. Key stakeholders and partners
• The UNDP Tehran Office
• Ministry of Agriculture Jahad
• Forests, Range, and Watershed Organization
• Ministry of Interior (provincial and district governorates and village councils)
• Ministry of Foreign Affairs
• Universities and research centres
• The participating local communities and CBOs

Annex C. Evaluation matrix (suggested as a deliverable to be included in the inception report)
An evaluation matrix is a tool that evaluators create as a map and reference in planning and conducting an evaluation. It also serves as a useful tool for summarizing and visually presenting the evaluation design and methodology for discussions with stakeholders. It details evaluation questions that the evaluation will answer, data sources, data collection, analysis tools or methods appropriate for each data source, and the standard or measure by which each question will be evaluated.

Annex D. Schedule of tasks, milestones, and deliverables.
Based on the time frame specified in the TOR, the evaluators present the detailed schedule.

Annex E. Inception report template
Follow the link: Inception report content outline

Annex F. Required format for the evaluation report.
The final report must include, but not necessarily be limited to, the elements outlined in the quality criteria for evaluation reports. Follow the link: Evaluation report template and quality standards

Follow the link: Evaluation Management Response Template

Annex H. Evaluation Quality Assessment
Evaluations commissioned by UNDP country offices are subject to a quality assessment, including this evaluation. Final evaluation reports will be uploaded to the Evaluation Resource Centre (ERC site) after the evaluations are complete. IEO will later undertake the quality assessment and assign a rating. IEO will notify the assessment results to country offices and makes the results publicized on the ERC site. UNDP Iran aims to ensure
evaluation quality. To do so, the consultant should put in place the quality control of deliverables. Also, consultants should familiarize themselves with rating criteria and assessment questions outlined in Section six of UNDP Evaluation Guidelines.

Annex I. Code of conduct.
UNDP requests each member of the evaluation team to read carefully, understand and sign the ‘Code of Conduct for Evaluators in the United Nations system’, which may be made available as an attachment to the evaluation report. Follow this link: http://www.unevaluation.org/document/detail/100
Annex II
GENERAL CONDITIONS OF CONTRACTS
FOR THE SERVICE OF INDIVIDUAL CONTRACTORS

1. LEGAL STATUS: The Individual contractor shall have the legal status of an independent contractor vis-à-vis the United Nations Development Programme (UNDP), and shall not be regarded, for any purposes, as being either a “staff member” of UNDP, under the UN Staff Regulations and Rules, or an “official” of UNDP, for purposes of the Convention on the Privileges and Immunities of the United Nations, adopted by the General Assembly of the United Nations on 13 February 1946. Accordingly, nothing within or relating to the Contract shall establish the relationship of employer and employee, or of principal and agent, between UNDP and the Individual contractor. The officials, representatives, employees or subcontractors of UNDP and of the Individual contractor, if any, shall not be considered in any respect as being the employees or agents of the other, and UNDP and the Individual contractor shall be solely responsible for all claims arising out of or relating to their engagement of such persons or entities.

2. STANDARDS OF CONDUCT: In General: The Individual contractor shall neither seek nor accept instructions from any authority external to UNDP in connection with the performance of his or her obligations under the Contract. Should any authority external to UNDP seek to impose any instructions regarding the Individual contractor’s performance under the Contract, the Individual contractor shall promptly notify UNDP and shall provide all reasonable assistance required by UNDP. The Individual contractor shall not take any action in respect of his or her performance of the Contract or otherwise related to his or her obligations under the Contract that may adversely affect the interests of UNDP. The Individual contractor shall perform his or her obligations under the Contract with the fullest regard to the interests of UNDP. The Individual contractor warrants that she or he has not and shall not offer any direct or indirect benefit arising from or related to the performance of the Contract or the award thereof to any representative, official, employee or other agent of UNDP. The Individual contractor shall comply with all laws, ordinances, rules and regulations bearing upon the performance of his or her obligations under the Contract. In the performance of the Contract the Individual contractor shall comply with the standards of conduct set in the Secretary General’s Bulletin ST/SGB/2002/9 of 18 June 2002, entitled “Regulations Governing the Status, Basic Rights and Duties of Officials other than Secretariat Officials, and Expert on Mission”. The Individual contractor must comply with all security directives issued by UNDP.

Prohibition of Sexual Exploitation and Abuse: In the performance of the Contract, the Individual contractor shall comply with the standards of conduct set forth in the Secretary-General’s bulletin ST/SGB/2003/13 of 9 October 2003, concerning “Special measures for protection from sexual exploitation and sexual abuse”. In particular, the Individual contractor shall not engage in any conduct that would constitute sexual exploitation or sexual abuse, as defined in that bulletin.

The Individual contractor acknowledges and agrees that any breach of any of the provisions hereof shall constitute a breach of an essential term of the Contract, and, in addition to any other legal rights or remedies available to any person, shall give rise to grounds for suspension or termination of the Contract. In addition, nothing herein shall limit the right of UNDP to refer any alleged breach of the foregoing standards of conduct or any other terms of the Contract to the relevant national authorities for appropriate legal action.

3. TITLE RIGHTS, COPYRIGHTS, PATENTS AND OTHER PROPRIETARY RIGHTS: Title to any equipment and supplies that may be furnished by UNDP to the Individual contractor for the
performance of any obligations under the Contract shall rest with UNDP, and any such equipment and
supplies shall be returned to UNDP at the conclusion of the Contract or when no longer needed by the
Individual contractor. Such equipment and supplies, when returned to UNDP, shall be in the same
condition as when delivered to the Individual contractor, subject to normal wear and tear, and the
Individual contractor shall be liable to compensate UNDP for any damage or degradation of the
equipment and supplies that is beyond normal wear and tear.

UNDP shall be entitled to all intellectual property and other proprietary rights, including, but not limited
to, patents, copyrights and trademarks, with regard to products, processes, inventions, ideas, know-how or
documents and other materials which the Individual contractor has developed for UNDP under the
Contract and which bear a direct relation to, or are produced or prepared or collected in consequence of, or
during the course of, the performance of the Contract, and the Individual contractor acknowledges and
agrees that such products, documents and other materials constitute works made for hire for UNDP.
However, to the extent that any such intellectual property or other proprietary rights consist of any
intellectual property or other proprietary rights of the Individual contractor: (a) that pre-existed the
performance by the Individual contractor of his or her obligations under the Contract, or (b) that the
Individual contractor may develop or acquire, or may have developed or acquired, independently of the
performance of his or her obligations under the Contract, UNDP does not and shall not claim any
ownership interest thereto, and the Individual contractor grants to UNDP a perpetual license to use such
intellectual property or other proprietary right solely for the purposes of and in accordance with the
requirements of the Contract. At the request of UNDP, the Individual contractor shall take all necessary
steps, execute all necessary documents and generally assist in securing such proprietary rights and
transferring or licensing them to UNDP in compliance with the requirements of the applicable law and
of the Contract. Subject to the foregoing provisions, all maps, drawings, photographs, mosaics, plans,
reports, estimates, recommendations, documents and all other data compiled by or received by the
Individual contractor under the Contract shall be the property of UNDP, shall be made available for use
or inspection by UNDP at reasonable times and in reasonable places, shall be treated as confidential
and shall be delivered only to UNDP authorized officials on completion of services under the Contract.

4. CONFIDENTIAL NATURE OF DOCUMENTS AND INFORMATION: Information and data
that are considered proprietary by either UNDP or the Individual contractor or that are delivered or
disclosed by one of them (“Discloser”) to the other (“Recipient”) during the course of performance of
the Contract, and that are designated as confidential (“Information”), shall be held in confidence and
shall be handled as follows. The Recipient of such Information shall use the same care and discretion
to avoid disclosure, publication or dissemination of the Discloser’s Information as it uses with its own
similar information that it does not wish to disclose, publish or disseminate, and the Recipient may
otherwise use the Discloser’s Information solely for the purpose for which it was disclosed. The
Recipient may disclose confidential Information to any other party with the Discloser’s prior written
consent, as well as to the Recipient’s officials, representatives, employees, subcontractors and agents
who have a need to know such confidential Information solely for purposes of performing obligations
under the Contract. Subject to and without any waiver of the privileges and immunities of UNDP, the
Individual contractor may disclose Information to the extent required by law, provided that the
Individual contractor will give UNDP sufficient prior notice of a request for the disclosure of
Information in order to allow UNDP to have a reasonable opportunity to take protective measures or
such other action as may be appropriate before any such disclosure is made. UNDP may disclose
Information to the extent required pursuant to the Charter of the United Nations, resolutions or
regulations of the General Assembly or its other governing bodies, or rules promulgated by the
Secretary-General. The Recipient shall not be precluded from disclosing Information that is obtained
by the Recipient from a third party without restriction, is disclosed by the Discloser to a third party
without any obligation of confidentiality, is previously known by the Recipient, or at any time is developed by the Recipient completely independently of any disclosures hereunder. These obligations and restrictions of confidentiality shall be effective during the term of the Contract, including any extension thereof, and, unless otherwise provided in the Contract, shall remain effective following any termination of the Contract. Notwithstanding the foregoing, the Individual contractor acknowledges that UNDP may, in its sole discretion, disclose the purpose, type, scope, duration and value of the Contract, the name of the Individual contractor, and any relevant information related to the award of the Contract.

5. TRAVEL, MEDICAL CLEARANCE AND SERVICE INCURRED DEATH, INJURY OR ILLNESS: If the Individual contractor is required by UNDP to travel beyond commuting distance from the Individual contractor’s usual place of residence, and upon prior written agreement, such travel shall be at the expense of UNDP. Such travel shall be at economy fare when by air.

UNDP may require the Individual contractor to submit a “statement of good health” from a recognized physician prior to commencement of services in any offices or premises of UNDP, or before engaging in any travel required by UNDP, or connected with the performance of the Contract. The Individual contractor shall provide such a statement as soon as practicable following such request, and prior to engaging in any such travel, and the Individual contractor warrants the accuracy of any such statement, including, but not limited to, confirmation that the Individual contractor has been fully informed regarding the requirements for inoculations for the country or countries to which travel may be authorized.

In the event of death, injury or illness of the Individual contractor which is attributable to the performance of services on behalf of UNDP under the terms of the Contract while the Individual contractor is traveling at UNDP expense or is performing any services under the Contract in any offices or premises of UNDP, the Individual contractor or the Individual contractor’s dependents, as appropriate, shall be entitled to compensation equivalent to that provided under the UNDP insurance policy, available upon request.

6. PROHIBITION ON ASSIGNMENT; MODIFICATIONS: The Individual contractor may not assign, delegate, transfer, pledge or make any other disposition of the Contract, of any part thereof, or of any of the rights, claims or obligations under the Contract except with the prior written authorization of UNDP, and any attempt to do so shall be null and void. The terms or conditions of any supplemental undertakings, licenses or other forms of Contract concerning any goods or services to be provided under the Contract shall not be valid and enforceable against UNDP nor in any way shall constitute a contract by UNDP thereto, unless any such undertakings, licenses or other forms of contract are the subject of a valid written undertaking by UNDP. No modification or change in the Contract shall be valid and enforceable against UNDP unless provided by means of a valid written amendment to the Contract signed by the Individual contractor and an authorized official or appropriate contracting authority of UNDP.

7. SUBCONTRACTORS: In the event that the Individual contractor requires the services of subcontractors to perform any obligations under the Contract, the Individual contractor shall obtain the prior written approval of UNDP for any such subcontractors. UNDP may, in its sole discretion, reject any proposed subcontractor or require such subcontractor’s removal without having to give any justification therefore, and such rejection shall not entitle the Individual contractor to claim any delays in the performance, or to assert any excuses for the non-performance, of any of his or her obligations under the Contract. The Individual contractor shall be solely responsible for all services and obligations performed by his or her subcontractors. The terms of any subcontract shall be subject to, and shall be construed in a manner that is fully in accordance with, all of the terms and conditions of the Contract.
8. USE OF NAME, EMBLEM OR OFFICIAL SEAL OF THE UNITED NATIONS: The Individual contractor shall not advertise or otherwise make public for purposes of commercial advantage or goodwill that it has a contractual relationship with UNDP, nor shall the Individual contractor, in any manner whatsoever, use the name, emblem or official seal of UNDP, or any abbreviation of the name of UNDP, in connection with his or her business or otherwise without the written permission of UNDP.

9. INDEMNIFICATION: The Individual contractor shall indemnify, defend, and hold and save harmless UNDP, and its officials, agents and employees, from and against all suits, proceedings, claims, demands, losses and liability of any kind or nature, including, but not limited to, all litigation costs and expenses, attorney’s fees, settlement payments and damages, based on, arising from, or relating to: (a) allegations or claims that the use by UNDP of any patented device, any copyrighted material or any other goods or services provided to UNDP for its use under the terms of the Contract, in whole or in part, separately or in combination, constitutes an infringement of any patent, copyright, trademark or other intellectual property right of any third party; or (b) any acts or omissions of the Individual contractor, or of any subcontractor or anyone directly or indirectly employed by them in the performance of the Contract, which give rise to legal liability to anyone not a party to the Contract, including, without limitation, claims and liability in the nature of a claim for workers’ compensation.

10. INSURANCE: The Individual contractor shall pay UNDP promptly for all loss, destruction or damage to the property of UNDP caused by the Individual contractor, or of any subcontractor, or anyone directly or indirectly employed by them in the performance of the Contract. The Individual contractor shall be solely responsible for taking out and for maintaining adequate insurance required to meet any of his or her obligations under the Contract, as well as for arranging, at the Individual contractor’s sole expense, such life, health and other forms of insurance as the Individual contractor may consider to be appropriate to cover the period during which the Individual contractor provides services under the Contract. The Individual contractor acknowledges and agrees that none of the insurance arrangements the Individual contractor shall, in any way, be construed to limit the Individual contractor’s liability arising under or relating to the Contract.

11. ENCUMBRANCES AND LIENS: The Individual contractor shall not cause or permit any lien, attachment or other encumbrance by any person to be placed on file or to remain on file in any public office or on file with UNDP against any monies due to the Individual contractor or to become due for any work done or against any goods supplied or materials furnished under the Contract, or by reason of any other claim or demand against the Individual contractor.

12. FORCE MAJEURE; OTHER CHANGES IN CONDITIONS: In the event of and as soon as possible after the occurrence of any cause constituting force majeure, the Individual contractor shall give notice and full particulars in writing to UNDP of such occurrence or cause if the Individual contractor is thereby rendered unable, wholly or in part, to perform his or her obligations and meet his or her responsibilities under the Contract. The Individual contractor shall also notify UNDP of any other changes in conditions or the occurrence of any event, which interferes or threatens to interfere with the performance of the Contract. Not more than fifteen (15) days following the provision of such notice of force majeure or other changes in conditions or occurrence, the Individual contractor shall also submit a statement to UNDP of estimated expenditures that will likely be incurred for the duration of the change in conditions or the event. On receipt of the notice or notices required hereunder, UNDP shall take such action as it considers, in its sole discretion, to be appropriate or necessary in the circumstances,
including the granting to the Individual contractor of a reasonable extension of time in which to perform any obligations under the Contract or suspension thereof.

*Force majeure* as used herein means any unforeseeable and irresistible act of nature, any act of war (whether declared or not), invasion, revolution, insurrection, or any other acts of a similar nature or force, provided that such acts arise from causes beyond the control and without the fault or negligence of the Individual contractor. The Individual contractor acknowledges and agrees that, with respect to any obligations under the Contract that the Individual contractor must perform in or for any areas in which UNDP is engaged in, preparing to engage in, or disengaging from any peacekeeping, humanitarian or similar operations, any delay or failure to perform such obligations arising from or relating to harsh conditions within such areas or to any incidents of civil unrest occurring in such areas shall not, in and of itself, constitute *force majeure* under the Contract.

13. **TERMINATION:** Either party may terminate the Contract, in whole or in part, upon giving written notice to the other party. The period of notice shall be five (5) days in the case of contracts for a total period of less than two (2) months and fourteen (14) days in the case of contracts for a longer period. The initiation of conciliation or arbitral proceedings, as provided below, shall not be deemed to be a “cause” for or otherwise to be in itself a termination of the Contract. UNDP may, without prejudice to any other right or remedy available to it, terminate the Contract forthwith in the event that: (a) the Individual contractor is adjudged bankrupt, or is liquidated, or becomes insolvent, applies for moratorium or stay on any payment or repayment obligations, or applies to be declared insolvent; (b) the Individual contractor is granted a moratorium or a stay or is declared insolvent; (c) the Individual contractor makes an assignment for the benefit of one or more of his or her creditors; (d) a Receiver is appointed on account of the insolvency of the Individual contractor; (e) the Individual contractor offers a settlement in lieu of bankruptcy or receivership; or (f) UNDP reasonably determines that the Individual contractor has become subject to a materially adverse change in financial condition that threatens to endanger or otherwise substantially affect the ability of the Individual contractor to perform any of the obligations under the Contract.

In the event of any termination of the Contract, upon receipt of notice of termination by UNDP, the Individual contractor shall, except as may be directed by UNDP in the notice of termination or otherwise in writing: (a) take immediate steps to bring the performance of any obligations under the Contract to a close in a prompt and orderly manner, and in doing so, reduce expenses to a minimum; (b) refrain from undertaking any further or additional commitments under the Contract as of and following the date of receipt of such notice; (c) deliver all completed or partially completed plans, drawings, information and other property that, if the Contract had been completed, would be required to be furnished to UNDP thereunder; (d) complete performance of the services not terminated; and (e) take any other action that may be necessary, or that UNDP may direct in writing, for the protection and preservation of any property, whether tangible or intangible, related to the Contract that is in the possession of the Individual contractor and in which UNDP has or may be reasonably expected to acquire an interest.

In the event of any termination of the Contract, UNDP shall only be liable to pay the Individual contractor compensation on a pro rata basis for no more than the actual amount of work performed to the satisfaction of UNDP in accordance with the requirements of the Contract. Additional costs incurred by UNDP as a result of termination of the Contract by the Individual contractor may be withheld from any amount otherwise due to the Individual contractor by UNDP.
14. **NON-EXCLUSIVITY**: UNDP shall have no obligation respecting, and no limitations on, its right to obtain goods of the same kind, quality and quantity, or to obtain any services of the kind described in the Contract, from any other source at any time.

15. **TAXATION**: Article II, section 7, of the Convention on the Privileges and Immunities of the United Nations provides, *inter alia*, that the United Nations, including its subsidiary organs, is exempt from all direct taxes, except charges for public utility services, and is exempt from customs restrictions, duties and charges of a similar nature in respect of articles imported or exported for its official use. In the event any governmental authority refuses to recognize the exemptions of the United Nations from such taxes, restrictions, duties or charges, the Individual contractor shall immediately consult with UNDP to determine a mutually acceptable procedure. UNDP shall have no liability for taxes, duties or other similar charges payable by the Individual contractor in respect of any amounts paid to the Individual contractor under this Contract, and the Individual contractor acknowledges that UNDP will not issue any statements of earnings to the Individual contractor in respect of any such payments.

16. **AUDITS AND INVESTIGATIONS**: Each invoice paid by UNDP shall be subject to a post-payment audit by auditors, whether internal or external, of UNDP or by other authorized and qualified agents of UNDP. The Individual contractor acknowledges and agrees that UNDP may conduct investigations relating to any aspect of the Contract or the award thereof, and the obligations performed thereunder.

The Individual contractor shall provide full and timely cooperation with any post-payment audits or investigations hereunder. Such cooperation shall include, but shall not be limited to, the Individual contractor’s obligation to make available any relevant documentation and information for the purposes of a post-payment audit or an investigation at reasonable times and on reasonable conditions. The Individual contractor shall require his or her employees, subcontractors and agents, if any, including, but not limited to, the Individual contractor’s attorneys, accountants or other advisers, to reasonably cooperate with any post-payment audits or investigations carried out by UNDP hereunder.

If the findings or circumstances of a post-payment audit or investigation so warrant, UNDP may, in its sole discretion, take any measures that may be appropriate or necessary, including, but not limited to, suspension of the Contract, with no liability whatsoever to UNDP.

The Individual contractor shall refund to UNDP any amounts shown by a post-payment audit or investigation to have been paid by UNDP other than in accordance with the terms and conditions of the Contract. Such amount may be deducted by UNDP from any payment due to the Individual contractor under the Contract.

The right of UNDP to conduct a post-payment audit or an investigation and the Individual contractor’s obligation to comply with such shall not lapse upon expiration or prior termination of the Contract.

17. **SETTLEMENT OF DISPUTES**:

**AMICABLE SETTLEMENT**: UNDP and the Individual contractor shall use their best efforts to amicably settle any dispute, controversy or claim arising out of the Contract or the breach, termination or invalidity thereof. Where the parties wish to seek such an amicable settlement through conciliation, the conciliation shall take place in accordance with the Conciliation Rules then obtaining of the United Nations Commission on International Trade Law (“UNCITRAL”), or according to such other procedure as may be agreed between the parties in writing.
ARBITRATION: Any dispute, controversy or claim between the parties arising out of the Contract, or the breach, termination, or invalidity thereof, unless settled amicably, as provided above, shall be referred by either of the parties to arbitration in accordance with the UNCITRAL Arbitration Rules then obtaining. The decisions of the arbitral tribunal shall be based on general principles of international commercial law. For all evidentiary questions, the arbitral tribunal shall be guided by the Supplementary Rules Governing the Presentation and Reception of Evidence in International Commercial Arbitration of the International Bar Association, 28 May 1983 edition. The arbitral tribunal shall be empowered to order the return or destruction of goods or any property, whether tangible or intangible, or of any confidential information provided under the Contract, order the termination of the Contract, or order that any other protective measures be taken with respect to the goods, services or any other property, whether tangible or intangible, or of any confidential information provided under the Contract, as appropriate, all in accordance with the authority of the arbitral tribunal pursuant to Article 26 (“Interim Measures of Protection”) and Article 32 (“Form and Effect of the Award”) of the UNCITRAL Arbitration Rules. The arbitral tribunal shall have no authority to award punitive damages. In addition, unless otherwise expressly provided in the Contract, the arbitral tribunal shall have no authority to award interest in excess of the London Inter-Bank Offered Rate (“LIBOR”) then prevailing, and any such interest shall be simple interest only. The parties shall be bound by any arbitration award rendered as a result of such arbitration as the final adjudication of any such dispute, controversy or claim.

18. LIMITATION ON ACTIONS: Except with respect to any indemnification obligations in Article 9, above, or as are otherwise set forth in the Contract, any arbitral proceedings in accordance with Article 17, above, arising out of the Contract must be commenced within three (3) years after the cause of action has accrued.

The Parties further acknowledge and agree that, for these purposes, a cause of action shall accrue when the breach actually occurs, or, in the case of latent defects, when the injured Party knew or should have known all of the essential elements of the cause of action, or in the case of a breach of warranty, when tender of delivery is made, except that, if a warranty extends to future performance of the goods or any process or system and the discovery of the breach consequently must await the time when such goods or other process or system is ready to perform in accordance with the requirements of the Contract, the cause of action accrues when such time of future performance actually begins.

19. PRIVILEGES AND IMMUNITIES: Nothing in or relating to the Contract shall be deemed a waiver, express or implied, of any of the privileges and immunities of the United Nations, including its subsidiary organs.

Name:                                              Title:                                           Date:

**Important Notes:**

- The requested expected no. of days for each deliverable is purely for procurement justification purposes and will not affect the payment terms of the contract which is lump sum (deliverable based)
- The offered and agreed amount of each deliverable will not be subject to change during the lifetime of the contract.
- The payments will be made based on the completion of each deliverable upon certification by UNDP that the deliverables have been satisfactorily received.
Annex V

OFFEROR’S LETTER TO UNDP
CONFIRMING INTEREST AND AVAILABILITY
FOR THE INDIVIDUAL CONTRACTOR (IC) ASSIGNMENT

Date ______________________

Nazli Alavi
United Nations Development Programme
No.8, Shahrzad Blvd., Darrous, Tehran, 1948773911, Iran

Dear Sir/Madam:

I hereby declare that:

A) I have read, understood and hereby accept the Terms of Reference describing the duties and responsibilities of [indicate title of assignment] under the [state project title];

B) I have also read, understood and hereby accept UNDP’s General Conditions of Contract for the Services of the Individual Contractors;

C) I hereby propose my services and I confirm my interest in performing the assignment through the submission of my CV which I have duly signed and attached hereto as Annex 1;

D) In compliance with the requirements of the Terms of Reference, I hereby confirm that I am available for the entire duration of the assignment, and I shall perform the services in the manner described in my proposed approach/methodology which I have attached hereto as Annex 3 [delete this item if the TOR does not require submission of this document];

E) I hereby propose to complete the services based on the following payment rate: [please check the box corresponding to the preferred option]:

☐ An all-inclusive daily fee of [state amount in words and in numbers indicating currency]

☐ A total lump sum of [state amount in words and in numbers, indicating exact currency], payable in the manner described in the Terms of Reference.

F) For your evaluation, the breakdown of the abovementioned all-inclusive amount is attached hereto as Annex 2;

G) I recognize that the payment of the abovementioned amounts due to me shall be based on my delivery of outputs within the timeframe specified in the TOR, which shall be subject to UNDP's review, acceptance and payment certification procedures;

H) This offer shall remain valid for a total period of ___________ days [minimum of 90 days] after the submission deadline;
I) I confirm that I have no first degree relative (mother, father, son, daughter, spouse/partner, brother or sister) currently employed with any UN agency or office [disclose the name of the relative, the UN office employing the relative, and the relationship if, any such relationship exists];

J) If I am selected for this assignment, I shall [please check the appropriate box]:

☐ Sign an Individual Contract with UNDP;

☐ Request my employer [state name of company/organization/institution] to sign with UNDP a Reimbursable Loan Agreement (RLA), for and on my behalf. The contact person and details of my employer for this purpose are as follows:

K) I hereby confirm that [check all that applies]:

☐ At the time of this submission, I have no active Individual Contract or any form of engagement with any Business Unit of UNDP;

☐ I am currently engaged with UNDP and/or other entities for the following work:

<table>
<thead>
<tr>
<th>Assignment</th>
<th>Contract Type</th>
<th>UNDP Business Unit / Name of Institution/Company</th>
<th>Contract Duration</th>
<th>Contract Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

☐ I am also anticipating conclusion of the following work from UNDP and/or other entities for which I have submitted a proposal:

<table>
<thead>
<tr>
<th>Assignment</th>
<th>Contract Type</th>
<th>UNDP Business Unit / Name of Institution/Company</th>
<th>Contract Duration</th>
<th>Contract Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

L) I fully understand and recognize that UNDP is not bound to accept this proposal, and I also understand and accept that I shall bear all costs associated with its preparation and submission and that UNDP will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the selection process.

M) If you are a former staff member of the United Nations recently separated, please add this section to your letter: I hereby confirm that I have complied with the minimum break in service required before I can be eligible for an Individual Contract.

N) I also fully understand that, if I am engaged as an Individual Contractor, I have no expectations nor entitlements whatsoever to be re-instated or re-employed as a staff member.

O) Are any of your relatives employed by UNDP, any other UN organization or any other public international organization?

YES ☐ NO ☐ If the answer is "yes", give the following information:
Please note that the subject of your submission email should be ONLY:
