As of 31 March 2021, the SFL had eight projects in Derna including three already completed, three underway and two in development. Derna Municipality suffers from remnants of war that affected the environment and contributed to the spread of some diseases, and the city did not have a medical waste incinerator. There was a risk of environmental pollution, as the medical waste was disposed of incorrectly. The equipment will help in disposing of all waste in a safe and environmentally friendly manner and this will contribute to reducing the spread of epidemics. Both public and private sectors will benefit from this medical incinerator including health centers, private clinics, medical laboratories and pharmacies.
LIST OF PROJECTS AND STATUS
AS OF 31 MARCH 2021

1. Supply of three ambulances (2 ICU, 1 Regular) for Derna
2. Supply of three Pesticide sprayer vehicles
3. Supply of four Garbage trucks (8 cu.m)
4. Supply of four Firefighting trucks
5. Supply of General Incinerator to Derna
6. Rehabilitation of Omar Al-Mukhtar School
7. Supply of 10 Water Pumps
8. Rehabilitation of the Derna Cultural Centre

As of 31 March 2021, the SFL had a total of 15 projects including ten already completed, two ongoing and three in development. Four sewage suction trucks recently delivered to the Municipality are helping to clean sewage lines and catch pits and enhance public hygiene in the city. The sewage system is not working properly and sewage floods are frequent in the city, causing a health threat to residents.
