Overview of cluster (needs/response/gaps)

CoRe cluster met with the newly appointed Director General of FDMA to brief him on the cluster activities. FDMA requested increased partners to work on livelihoods opportunities for IDPs, particularly those in camps. FDMA will take lead on hosting a joint meeting in 2nd week of December with Camp and CoRe Cluster and other relevant partners to discuss this issue.

The report of the gap analysis study in FR Bannu is expected to be shared with relevant stakeholders by 17th December. The data collection that included 240 Household questionnaires, Key Informant Interviews with line departments and Focus Group Discussions with both host and IDPs.

KEY RESULTS TO DATE

Legal assistance

Insaf Network Pakistan (INP) has to date facilitated (in term of Legal Assistance, Legal Advice, Legal Guidance & Referrals) over 5,000 IDPs (2,461 female and 2,887 male IDPs). To date, 33 court cases have been initiated representing IDPs on various issues including. In particular, the legal team provided support to the 101 North Waziristan IDPs who were arrested for clashing with the police at a distribution point in Bannu in on the 13th November, 2014. Out of 101 people arrested, 92 IDPs have so far been released.

Moreover a team of 34 educated IDPs (21 male and 14 female) has been engaged as paralegals and trained to resolve some basic IDP grievances related issues (how to apply for a NIC, how to register their grievances, how to make driving license, how to register marriage, how to register in school etc, how to get a driving license, how to register a marriage, how to register children in school etc.)

Since their engagement, they have provided awareness to over 7000 IDPs in their respective areas in Bannu. The legal assistance focal points in NADRA and Education Office have also facilitated 110 IDP students in registration issues. So far 60 women have been directly assisted in registering marriage, death, domicile and birth certificates in order to get their CNIC. A further 500 people were given initial legal advice and referred to relevant bodies such as Assistant Political Agent and tribal elders.

Non-farm livelihoods

ACF will initiate CFW activities for people in Bannu and Karak where from 2nd week of December 2014. Cesvi will also initiate Cash for Work in 6 Union Councils (UCs) of Nowshera and 3 UCs of Peshawar for a total of 1,125 people (almost 70% of women).

ACD has registered 1,630 people (453 females) at the Emergency Employment Information Centre in Bannu. As a result, 100 unskilled IDPs (30 female) have been engaged in CFW activities and 97 youths have been provided decent jobs following referrals from the center. ACD has also engaged 200 male & females IDPs in various Vocational Skills Trainings through IRC funding in Kohat, Peshawar & Nowshera. FIDA, SRSP and IDEA have identified 970 CFW beneficiaries for their 25 cash for work schemes in Bannu, Lakki Marwat and DIK, which will start by mid-December. Additionally 200 beneficiaries, including 130 female and 30 male, will be finalized for vocational and technical trainings in December as well.

Community Infrastructure

FOTI/IOM has identified 34 community infrastructure projects in Bannu together with the Office of the Deputy Commissioner including; street pavements, Rural Health Centers, Drinking Water Supply Schemes, Irrigation Channels
