Type of contract		Consultancy firm

Duration of Assignment		4 Months
Expected starting date		August 2020
Expected closing date		December 2020

1. BACKGROUND AND CONTEXT

YouthConnekt was launched in Rwanda in 2012 by the Government of Rwanda in partnership with UNDP as a multifaceted initiative aimed at connecting young people with peers and role models, skills development, access to finance and entrepreneurship. This innovative and dynamic youth empowerment programme combines elements of skills development, entrepreneurship, access to jobs and finance, awareness raising on issues related to youth development, and promotion of youth citizenship through community work and inclusion in local and national policy dialogue. YouthConnekt has proven to be an innovative and effective way of unlocking the potential of youth and bridging the gap between their aspirations and the limitless opportunities that their continent has to offer, therefore facilitating the demographic transition and creating highly productive jobs.

One of the key YouthConnekt components is the Entrepreneurship Bootcamps/Awards, a series of business competitions for young entrepreneurs organized across the country. Through the YouthConnekt bootcamps, young entrepreneurs are trained (for a period 1 week to 6 months) by different partners (Private and public sector, CSOs, etc.) in entrepreneurship skills, scalable project development and management and leadership skills. Those bootcamps contribute to enhance the capacities of young entrepreneurs in developing business plans, accessing finance, developing/improving their marketing strategies, pitching and effective communication. Resultantly, it contributes to improving the profitability and sustainability of their enterprises as well as to supporting the scaling-up of their projects. It also enables the young entrepreneurs to promote their businesses and create connections with markets and investors by participating in YouthConnekt sponsored events (Made in Rwanda exhibition). At the end of the bootcamp/trainings, the young entrepreneurs pitch their business ideas to a panel representing the public, private, and non-profit sectors. The best projects are awarded with seed funding to support the scaling-up of their businesses. Since its inception in 2012, the YouthConnekt has provided seed funding to more than 1,200 youth-led enterprises (750 Males and 450 Females).

The YouthConnekt mentorship component aims among others at providing a continuous capacity building and financial support to all past YouthConnekt beneficiaries to support the scaling-up of their businesses as well as to connect them with other successful initiatives and partners. The primary objectives of the mentorship programme are indeed to provide practical resources to new, small-scale ventures in order to aid in their development and growth by providing services including training, perpetual guidance, Business linkages, business online presence and Market access.

Through its National Strategy for Transformation (NST1) and Private Sector Development & Youth Employment Strategy (PSDYES), the Government of Rwanda (GoR) has committed to develop a vibrant and competitive productive sector to generate sufficient exports and jobs for the population. Under NST1, GoR is prioritizing innovative entrepreneurship, access to finance and business development to unlock the potential for sustainable job creation (GOR, 2017). The PSDYE strategy sets out a new ambitious approach to private sector development and competitiveness improvements, namely a Value-Chain (VC) Approach.

The coronavirus crisis has drastically impacted small businesses including youthconnekt beneficiaries owned businesses. Owners face uncertainty and confusion while trying to protect their businesses. The Ministry of Youth and Culture and UNDP have created a new way for YouthConnekt business owners to get the help they need, quickly through business mentorship.
