CRISIS SUPPORT TO SOLID WASTE, WATER SUPPLY AND SEWAGE INSTITUTIONS

in Aden and Mukalla

| Yemenis supported | 2,600,000 |

UNDP and local partners, Public Works Project (PWP) and Nahda Makers Organization (NMO), work together to rehabilitate, build and provide infrastructure and equipment that will:

1. Reduce water-related diseases
2. Contribute to a stronger economy by increasing productivity
3. Revitalize stability by allowing communities to enjoy the benefits of peace

By building local knowledge and capacity in water and sanitation, the interventions aim to ensure sustainability and healthier, cleaner future for all Yemenis.

Since December 2018, UNDP has provided critical support to the cleaning fund (CF) and local corporations for water supply and sewerage (LCWSS) in Aden and Mukalla including:

<table>
